****Daily Business Snapshot – 16 Jun 2026********Key Insights****

- Revenue jumped 100 % YOY from ₹15 000 on 15 Jun to ₹30 000 today.
- Sales volume fell 40 % (from 30 to 18) while leads slipped 10 % (from 50 to 45).
- Revenue per sale rose from ₹500 to ₹1 667 and revenue per lead more than doubled – a clear shift toward higher-margin deals.

****What Changed (Data-driven)****

- ****Lead-to-Sale Conversion**** fell from 60 % to 40 %.
- ****Average Deal Size**** (₹/sale) increased by 233 %.
- ****Lead Quality**** improved: revenue per lead surged from ₹300 to ₹667.

****Growth Actions****

1. ****Target high-margin prospects**** – focus campaigns on segments that historically yield the higher deal size (e.g., enterprise tier).
2. ****Upsell & bundle strategy**** – test a limited-time bundle offering to further lift average deal value.
3. ****Refine lead qualification**** – implement stricter qualification criteria to maintain the higher conversion quality despite lower volumes.
4. ****Scale marketing spend**** on channels that generated the current high-value leads (e.g., LinkedIn Sponsored Content).
5. ****Monitor conversion rate daily**** – set up alerts to detect any further decline below 35 % so that corrective action can be taken immediately.

****Risk Alerts****

- Conversion rate drop signals potential future revenue decline if lead quality deteriorates. Monitor closely and be ready to adjust acquisition channels.
